Index to Volume XXI

Abbreviations:—'(P)' refers to the summaries of papers read at the General Meetings of the Association of Clinical Pathologists. '(L)' refers to letters to the Editor.

Acid mucosubstances in secondary amyloidosis, histochemical investigaton of, **578**
Acidosis in chronic renal failure, **544**
ACKERLEY, A. G.: A post-partum circulating anticoagulant (P), **539**
ACLAND, J. D., and STRONG, R.: Comparison between a microdiffusion and an ion exchange method for the determination of plasma ammonium, **12**
Activation analysis, neutron, for copper in Wilson's disease, **8**
Agglutinins, horse, for differential diagnosis of infectious mononucleosis, **631**
Alcohol, determination in plasma, urine:whole blood and urine: plasma ratios for (P), **794**
ALEXANDER, M. K. *See* ALLAN, R. N., and ALEXANDER, M. K.
ALLAN, R. N., and ALEXANDER, M. K.: A sex difference in the leucocyte count, **691**
Alpha$_2$-macroglobulin, serum levels in disease, **27**
Ammonium, plasma, determination of, comparison between microdiffusion and ion exchange methods, **12**
—, —, — —, improved ion exchange method for, **14**
Amylase determination with dimethylsulphoxide starch solution, **764**
Amyloidosis and primary 'acquired' hypogammaglobulinaemia, **32**
—, secondary, acid mucosubstances in, histochemical investigation of, **578**
Anaemia, haemolytic, autoimmune, associated with ovarian dermoid cyst, **626**
—, —, Heinz body, congenital, due to haemoglobin Hammersmith (P), **540**
—, —, microangiopathic (P), **793**
—, megaloblastic, of pregnancy, clinical and laboratory study (P), **540**
—, pernicious, cellular defect in, investigation of (P), **792**
—, —, combined with acute erythraemic myelosis, **590**
—, —, folic acid prophylaxis in women pregnant after periods of infertility with, **599**
—, spur cell, role of lipoproteins in formation of, in cirrhosis of liver, **620**
ANDERSON, B. B., and COWAN, J. D.: Effect of light on the *Lactobacillus casei* microbiological assay, **85**
Aneurysm, congenital or berry, in optic nerve, **335**
Antibiotics, absorption during peritoneal dialysis in chronic renal failure, **88**
—, resistance of coagulase-negative staphylococci and micrococci to, **722**
—, sensitivity of *Bacteroides fragilis* to, *in vitro* study, **432**
Antibodies, blood group, analysis by gel filtration on Sephadex G-200, **708**
—, intestinal, in ulcerative colitis (P), **536**
Antibody and factor VIII levels in plasma fractions prepared by cryoprecipitation, **635**
—, circulating, in human *Toxocara* infections, detection by indirect fluorescent antibody test, **449**
Anticoagulant, circulating, post-partum (P), **539**
— therapy, long-term, partial thromboplastin time test in (P), **539**
Antifibrinogen test, latex-bound, for plasma fibrinogen assay, **638**
Appendix, argentaffin and non-argentaffin carcinoid tumours of, **60**
ARTHUR, J. F.: Structure and significance of metaplastic nodules in the rectal mucosa, **735**
Asbestos, quantitation in tissue (P), **537**
Ascaris antigen in filarial complement-fixation test for pulmonary tropical eosinophilia, **394**
Aspergillosis (P), **539**
Association of Clinical Biochemists: Reports and Bulletins, **106**, **212**, **420**, **510**, **637**, **775**
Association of Clinical Pathologists: Data processing in clinical pathology (Report of a Working Party), **231-301**
— — — —: 80th General Meeting, **536**
— — — —: 81st General Meeting, **791**
Atrium, left, giant cell myocarditis limited to, with mitral stenosis, **750**
Australia, South, *Plesiomonas shigelloides* in, **715**
AutoAnalyzer SMA-4, determination of haematocrit with (L), **114**, **533**
—, Technicon, evaluation for automating complement-fixation tests, **521**
AZZOPARDI, J. G. *See* BAKER, L. R. I., BRAIN, M. C., AZZOPARDI, J. G., and WORLLEDGE, S. M.

Bacteria, growth from blood cultures, effect of dilution, **719**
—, plating out on solid medium, rotary machine for, **784**
Bacteriuria, detection by dip-inoculum transport medium spoon method in women at antenatal clinics, **445**
—, significant, nitrite test kit (Strat-test) for detection of, evaluation of, **443**
Bacteroides fragilis, sensitivity to antibiotics of, *in vitro* study, **432**
BAKER, L. R. I., BRAIN, M. C., AZZOPARDI, J. G., and WORLLEDGE, S. M.: Autoimmune haemolytic anaemia associated with ovarian dermoid cyst, **626**
BAMBURY, J. M. *See* WILLIAMS, R. F., and BAMBURY, J. M.
Bantu, storage iron in muscle cells and tissue histiocytes in, **495**
Barlow, Percy Lazarus-. *See* Lazarus-Barlow, Percy.
BARNES, F. W., and RUNCIE, J.: Potentiometric method for the determination of inorganic fluoride in biological material, **668**
BARNES, H. D., HURWORTH, E., and MILLAR, J. H. D.: Erythropoietic porphyrin hepatitis, **157**
BARRY, M.: Determination of chelated iron in the urine, **166**
—, and CARTEI, G. C.: Estimation of ferrioxamine in jaundiced urine, **169**
BARSON, A. J., JONES, A. W., and LODGE, K. V.: Pulmonary blastoma, **480**
BENNETT, P. N.: Role of erythrocytes in the acute platelet response to operation, **695**
Benzidine test for occult blood in stools, effect of oral iron preparations, **41**
Benzylpenicillin, resistance of penicillinase-forming strains of *Staph. aureus* and penicillinase-negative variants to, **75**
BETTELHEIM, K. A. *See* HUGHES, M. H., GREAVES, J. L., and BETTELHEIM, K. A.
BIELAWIEC, M. *See* CHAKRABARTI, R., BIELAWIEC, M., EVANS, J. F., and FEARNLEY, G. R.
BIGGS, R. *See* DENSON, K. W. E., BIGGS, R., and MANNUCCI, P. M.
Bilirubin, serum, determination of, automated method for, **196**
—, unconjugated, effect on estimation of serum iron by modified Sanford technique, **776**
Biopsy, liver, adult, tissue culture of (P), **793**
—, —, method for obtaining both frozen and paraffin sections from, **413**
—, renal, electron microscopy of (P), **793**
BIRD, R., and BURR, R. G.: A paper test for occult blood in faeces using ortho-dianisidine (L), **675**
BISSERU, B., and WOODRUFF, A. W.: The detection of circulating antibody in human toxacara infections using the indirect fluorescent antibody test, **449**
BLACKBURN, E. K. *See* BRONKS, I. G., and BLACKBURN, E. K.
Bladder, urinary, contiguous but dissimilar epithelial neoplasms of, **332**
Blastoma, pulmonary, **480**
Blood bank, hospital, specially-designed, **673**
— cells, mean corpuscular and packed cell volumes, measurement with Coulter counter, **222**
—clot lysis time, dilute, for determination of fibrinolytic activity, micro modification of, **780**
— cultures, growth of bacteria from, effect of dilution, **719**
— donors, male, storage iron depletion in, and iron status in women, **402**
——, effect on 6-phosphogluconate dehydrogenase assay in vaginal fluid, **189**
— group antibodies, analysis by gel filtration on Sephadex G-200, **708**
—, occult, in faeces, benzidine test for, effect of oral iron preparations, **41**
—, —, — —, ortho-dianisidine paper test for (L), **675**
— platelets, acute response to operation of, role of erythrocytes in, **695**
— —, adhesiveness of, effect of centrifugation on measurement in platelet-rich plasma, **397**
— —, aggregation, effect of fibrinogen degradation products, **147**
— —, levels, effect of injected heparin, **55**
—, pyruvic and lactic acids in, determination by automated enzymatic fluorometric method, **171**
BOLTON, F. G. *See* PENNOCK, C. A., PASSANT, L. P., and BOLTON, F. G.
Bone lesions in chronic renal failure, **545**
— marrow. *See* Marrow
Book reviews:
Adams, C. M. W.: *Vascular Histochemistry*, 1967, **228**
Amromin, G. D.: *Pathology of Leukemia*, 1968, **787**
Batsakis, J. G., and Briere, J. G.: *Interpretive Enzymology*, 1967, **679**
Berenblum, I.: *Cancer Research Today*, 1967, **230**
Bouchier, I. A. D., and Billing, B. H., eds.: *Bilirubin Metabolism*, 1967, **117**
Brooke, B. B., and Slaney, G.: *Metabolic Derangements in Gastrointestinal Surgery*, 1966, **116**

Broughton, P. M. G., Gowenlock, A. H., Widdowson, G. M., and Ahlquist, K. A.: *Automatic Dispensing Pipettes: An Assessment of 35 Commercial Instruments* (Association of Clinical Biochemists, Scientific Report, No. 3), 1967, **417**

Bullough, W. S.: *The Evolution of Differentiation*, 1967, **678**

Camps, F. E., ed.: *Gradwohl's Legal Medicine*, 2nd ed., 1968, **419**

Cancer of the Gastro-intestinal Tract (10th Annual Clinical Conference on Cancer, 1965, University of Texas), 1967, **790**

Carcinogenesis: A Broad Critique (20th Annual Symposium on Fundamental Cancer Research, 1966: University of Texas, M. D. Anderson Hospital), 1967, **534**

Coppleson, M., and Reid, B.: *Preclinical Carcinoma of the Cervix Uteri*, 1967, **677**

Cotchin, E., and Roe, F. J. C., eds.: *Pathology of Laboratory Rats and Mice*, 1967. **680**; *erratum*, 790

Crawford, T., ed.: *Modern Trends in Pathology*, Vol. 2, 1967, **415**

Cruickshank, B., Dodds, T. C., and Gardner, D. L.: *Human Histology*, 2nd ed., 1968, **678**

Dacie, J. V.: *The Haemolytic Anaemias*, Part III, *Secondary or Symptomatic Haemolytic Anaemias* 2nd ed., 1967, **229**

Dameshek, W., and Dutcher, R. M., eds.: *Perspectives in Leukemia*, 1968, **788**

Books received, 419, 681

BOTHWELL, T. H. *See* **TORRANCE, J. D., CHARLTON, R. W., SCHMAMAN, A., LYNCH, S. R., and BOTHWELL, T. H.**

BOWER, D., and CHADWIN, C. G.: Demonstration of Paneth cell granules using Naphthalene Black, **107**

BOYD, J. F., and REID, D.: Bone marrow in nine cases of clinical glandular fever and a review of the literature, 683

BOYLE, I. T. *See* **THOMSON, J. A., BOYLE, I. T., MCGIRR, E. M., MACDONALD, E. M., NICOL, J., and BROWN, J.**

BRAIN, M. C. *See* **BAKER, L. R. I., BRAIN, M. C., AZZOPARDI, J. G., and WORLLEDGE, S. M.**

Brain, trace metals in, 1

BRANCIARI, C. *See* **CARAMIA, F., GHERGO, F. G., BRANCIARI, C., and MENGHINI, G.**

BREMNER, I. *See* **COX, J. S. G., MOSS, G. F., BREMNER, I., and REASON, J.**

BRIGHT, C. M. J. *See* **GIBBS, D. F., and BRIGHT, C. M. J.**

BRONKS, I. G., and BLACKBURN, E. K.: A socio-medical study of haemophilia and related states (P), **540**

BROWN, G. W. *See* **COOPER, R. G., and BROWN, G. W.**

BROWN, J. *See* **THOMSON, J. A., BOYLE, I. T., MCGIRR, E. M., MACDONALD, E. M., NICOL, J., and BROWN, J.**

BROWN, R. A. G.: Hepatic and renal damage with paracetamol overdosage (P), **793**

BROZOVICH, B.: Method for the determination of unsaturated iron-binding capacity of serum using radioactive iron and magnesium carbonate, **183**

Brucellin skin test, appreciation of (P), 792

BRUNSTRÖM, G. M. *See* **FIELDING, J., KARABUS, C., and BRUNSTRÖM, G. M.**

BUCK, A. C., and COHEN, S. L.: Absorption of antibiotics during peritoneal dialysis in patients with renal failure, **88**

BURNS, J. *See* **PENNOCK, C. A., BURNS, J., and MASSARELLA, G. R.**

BURR, R. G. *See* **BIRD, R., and BURR, R. G.**

Calcium in chronic renal failure, 545

—, tubular reabsorption of, in normal and hypercalciuric subjects, 353

Cancer, Detection of, 1st International Symposium, 681

***Candida albicans* and β-haemolytic streptococci, presence and persistence in vagina of, influence of oral contraceptives on (P), 791**

— species, tetrazolium medium in diagnosis of, 383

CARAMIA, F., GHERGO, F. G., BRANCIARI, C., and MENGHINI, G.: New aspect of hepatic nuclear glycogenosis in diabetes, **19**

Carbohydrate Metabolism, Disorders of, Conference on, 681

Carcinoid tumours, argentaffin and non-argentaffin, of appendix, 60

Carcinoma, cervical, phosphohexose isomerase as screen test for, 24

— of lung in diffuse interstitial pulmonary fibrosis, 486

—, plasma zinc and copper measurements in, 363

—, thyroid, and Cushing's syndrome, 129

CARTEI, G. C. *See* **BARRY, M., and CARTEI, G. C.**

CARTER, A., CROSLAND-TAYLOR, P. J., and STEWART, J. W.: Measurement of mean corpuscular and packed cell volumes with a Coulter cell counter, **222**

CASTELAN, D. J., HIRSH, J., and MARTIN, M.: Latex-bound antifibrinogen test for plasma fibrinogen assay, **638**

Catecholamines, plasma, semi-automated differential determination of, 759

Cathode-ray tube displays in data processing, 281

Cells, defect in vitamin B_{12} deficiency, investigation of (P), 792

Central nervous system, white matter of, spongy degeneration in, associated with hyperglycinuria, 456

Cephaloridine and cephalothin, resistance of penicillinase-forming strains of *Staph. aureus* and penicillinase-negative variants to, 75

Cerebrospinal fluid protein, estimation of, 518

Cervical carcinoma, phosphohexose isomerase as screen test for, 24

Cervix uteri, epithelial abnormalities of, histological diagnosis of, 67

CHADWIN, C. G. *See* **BOWER, D., and CHADWIN, C. G.**

CHAKRABARTI, R., BIELAWIEC, M., EVANS, J. F., and FEARNLEY, G. R.: Methodological study and a recommended technique for determining the euglobulin lysis time, **698**

CHALMERS, D. G.: A custom-built hospital blood bank, **673**

—: Investigation of the cellular defect in vitamin B_{12} deficiency (P), 792

Chancres, suspected, fluorescent technique for demonstration of treponemes in films from, 108

CHARLTON, R. W. *See* **TORRANCE, J. D., CHARLTON, R. W., SCHMAMAN, A., LYNCH, S. R., and BOTHWELL, T. H.**

Chemical pathology, coding systems for data processing, 254

Chinese, giucose-6-phosphate dehydrogenase deficiency in, 44

CHISHOLM, D. M., and MASON, D. K.: Labial salivary gland biopsy in Sjögren's disease, **656**

Chloride content of skeletal muscle in health and disease, 555

Cholesterol in chronic renal failure, 551

CHOU, G. *See* **HUANG, C. T., and CHOU, G.**

CHRISTIAN, M. *See* **ROBINSON, G. L., and CHRISTIAN, M.**

Christmas disease due to abnormal factor IX, 160

Chromatography, gas, in multipurpose assay for urinary corticosteroids, 372

CHURCHER, G. M.: A screening test for the detection of methicillin-resistant staphylococci, **213**

Cirrhosis of liver, spur cell anaemia in, role of lipoproteins in formation of, 620

CLARK, A. F. *See* **TIGHE, J. R., CLARK, A. F., EISINGER, A. J., and JONES, N. F.**

—. *See* **TIGHE, J. R., CLARK, A. E., and TURVEY, D. J.**

CLAYTON, Y. M., and MIDGLEY, G.: A new approach to the investigation of scalp ringworm in London schoolchildren (P), **791**

Clinical Pathology, 7th International Congress, 681
COCKER, J., FOX, H., and LANGLEY, F. A.: Consistency in the histological diagnosis of epithelial abnormalities of the cervix uteri, 67
CODD, A. A.: A simple device for microdialysis, 113
—. *See also* INGHAM, H. R., SELKON, J. B., CODD, A. A., and HALE, J. H.

TOZER, R. A. *See* ROOME, A. P. C. H., and TOZER, R. A.
Transplacental haemorrhage, significance of placental pathology in, 322
Treponemes in films from suspected chancres, fluorescent technique for demonstration of, 108
Trichophyton rubrum infections, mycological tests in, 729
Trimethoprim, laboratory and clinical studies of, 202
TROTMAN, R. E., and DRASAR, B. S.: Electrically-heated inoculating loop, 224
Tumours, carcinoid, argentaffin and non-argentaffin, of appendix, 60
—, 'non-endocrine', and thyroid carcinoma, associated with Cushing's syndrome, 129
— of testis, morphogenesis of, 71
TURKINGTON, V. E. *See* GIBSON, G. L., JOHNSTON, H. P., and TURKINGTON, V. E.
TURVEY, D. J. *See* TIGHE, J. R., CLARK, A. E., and TURVEY, D. J.
Typewriters, electric, in data processing, 279
TYTGAT, G. *See* COLLEN, D., TYTGAT, G., and VERSTRAETE, M.

Uganda, Kaposi's sarcoma and granuloma pyogenicum in, comparative study of, 119
Uraemia, haemostatic mechanism in, 406
—, uric acid levels in, determination by enzymatic and colorimetric methods, 192
Urea, determination by modified diacetyl monoxime-thiosemicarbazide procedure, 527
— in chronic renal failure, 541
Uric acid levels in uraemia, determination by enzymatic and colorimetric methods, 192
Urinary and plasma lactose, specific determination of, 112
— corticosteroids, multipupose gas chromatographic assay for, 372
— tract involvement in spina bifida, serum protein changes in relation to (P), 538
— —, *Staph. albus* strains from, classification of, 93
Urine, chelated iron in, determination of, 166
—, collection from women for bacteriological examination (P), 539
—, excretion patterns of glycosaminoglycans and glycoproteins in, 339
—, jaundiced, estimation of ferrioxamine in, 169
—, methylmalonic acid in, estimation by colorimetric method, 221
—, nitrazepam (Mogadon) and librium in, determination of, 366
Vagina, presence and persistence of *C. albicans* and β-haemolytic streptococci in, influence of oral contraceptives on (P), 791
Vaginal fluid, 6-phosphogluconate dehydrogenase assay in, effect of blood on, 189
VALTERIS, G. J. *See* MUIR, G. G., and VALTERIS, G. J.
VERSTRAETE, M. *See* COLLEN, D., TYTGAT, G., and VERSTRAETE, M.
Villous pattern in small intestinal necropsy material, staining method for examination of, 748
Viruses, coding systems for data processing, 260
Vitamin B_{12} absorption, assessment of serum ^{57}Co cyanocobalamin as index of (P), 792
— — —, determination by whole body counter, 595
— — deficiency, cellular defect in, investigation of (P), 792
— —, radioisotopic assay of (L), 226
— levels in chronic renal failure, 551
